

Orson 002 Director Lounge Chair (foldable)

Design Gordon Guillaumier

Technical Information

A collection with a clean, refined design and bursting with character. Teak is the protagonist in this well-structured series of folding director's chairs: two dining chairs with arms, a lounge chair, a footstool, all endowed with a contemporary and very fresh appeal, thanks also to the hues of the structural fabrics they feature. The two dining chairs have the same wooden frame; one has canvas sides while the other does not. Completing the range is the sun lounger with teak slats, offering ergonomic and comfortable support for long moments of relaxation.

TECHNICAL INFORMATION

DESCRIPTION
Director lounge chair for outdoor use

STRUCTURE
Teak
